

Footprinting – Group Lab

Task 1: (60 marks)

The report is on the footprint which your chosen company and/ or their employees leave on the internet, which makes the company less secure; your report should be no longer than three pages.

NOTE: Any content copied and pasted from internet will be discarded; all work must be your own.

- Write up the details of any weaknesses which could be exploited in the targeted company.
- Give a 5 minute presentation in class on the footprinting experience and what you learned from it, consider whether a company security policy should extend to social networking and other use of the internet ?
