

IT Law - 20-9-2015

Commission will create the idea for the law.

Secondary Law of the Eu

Law making process

Relations and Directives

If the eu laws a law it come into effect straight away in all eu states.

Its up to the the own country to set there own law within there own date (before the deadline)

Data Protection directive 1995/46

Databse directive 1996/9

Other things to effect us if there is not understanding of a law. it goes to the european court of justise.

Eu law only works inside eu. Example right to be forgot google.ie and google.com

Eu law -> our law , no matter what. You will set aside your own law for our law.

Most laws about tech come from the eu. Ireland does have much :/
