Female Lisa Falzone

Bio: Lisa Falzone is the CEO and co-founder of Revel Systems, the award-winning leader in iPad point-of-sale (POS) systems for restaurant, retail and grocery. She leads the day-to-day business operations and spearheads new business growth, and has also been instrumental in securing more than $13M in venture capital funding to date and assisting in international expansion of the San Francisco-based startup. Revel Systems is currently in more than 1,200 enterprise locations including Goodwill, Belkin, Griffin, Popeyes Louisiana Kitchen and more. Lisa has been recognized as Forbes '30 Under 30', Business Insiders "30 Most Important Women Under 30 In Tech" and San Francisco Business Times '40 Under 40.'

Advice to aspiring female entrepreneurs: Stop thinking about it and do it.

Entrepreneur I most admire:Steve Jobs, Richard Branson, Thomas Edison, Walt Disney, Henry Ford

Proudest achievement to date: Starting my own company has definitely been my proudest achievement to date. Through the success that we've seen with Revel Systems and our iPad point-of-sale solution, it's been very fulfilling to be able to say that we have done something impactful to change the way that people conduct business for the better.

Male Peter Coppinger and Dan Mackey

Bio: Peter Coppinger & Daniel Mackey founded their company Digital Crew almost 9 years earlier and have made a living building websites, intranets and custom web-based solutions for clients in Cork, Ireland. At this point their company has a good reputation internationally and they sell website components online.

Teamwork.com is a web-based project-management company based in Cork, Ireland. It was founded by Peter Coppinger and Dan Mackey in 2007.

Teamwork.com offers a suite of web applications that includes their flagship product Teamwork Projects features to-do lists, milestone management, web-based text documents, file sharing, time tracking, and a messaging system.[3] Teamwork Chat is a community conversation application which allows its users to create conversation rooms to organise discussions. Teamwork Desk is geared toward customer support tickets and includes unified inboxes, assigning tickets, ticket status, and integration with Teamwork Projects. All projects work on Windows and Macs.

Proudest achievement to date: Cork software company TeamworkPM has reinvested its profits into acquiring the Teamwork.com domain name for US$675,000 (€500,000)
